# THE 3D ADDITIVIST COOKBOOK

Edited by Morehshin Allahyari and Daniel Rourke

# Onasis Cultural Center in Athens- Endangered species on the Red List from the Mediterranean Bay

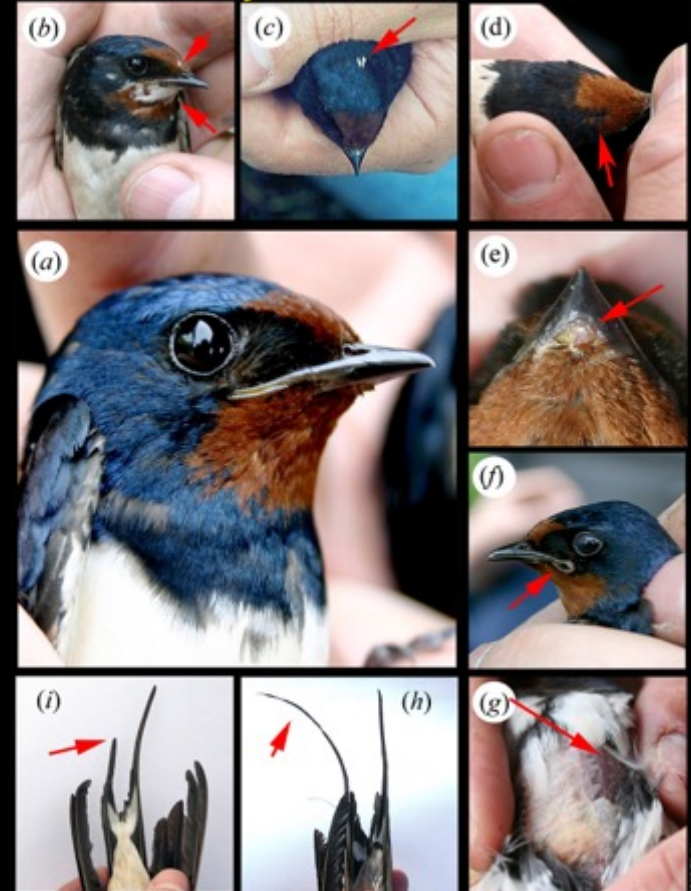

A series of environmental, technological and social shifts are changing the planet and forcing us to reassess our place on it. Artificial ecologies promise to counter balance the impact of anthropogenic activity on the natural environment and to meet the needs of an ever-growing global population

**ATHENS, GREECE 2017**

# 3D Printed Full Color Barn Swallows of Chernobyl Radiation: The Borderless Anthropocene

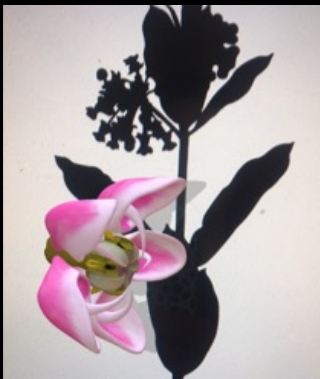

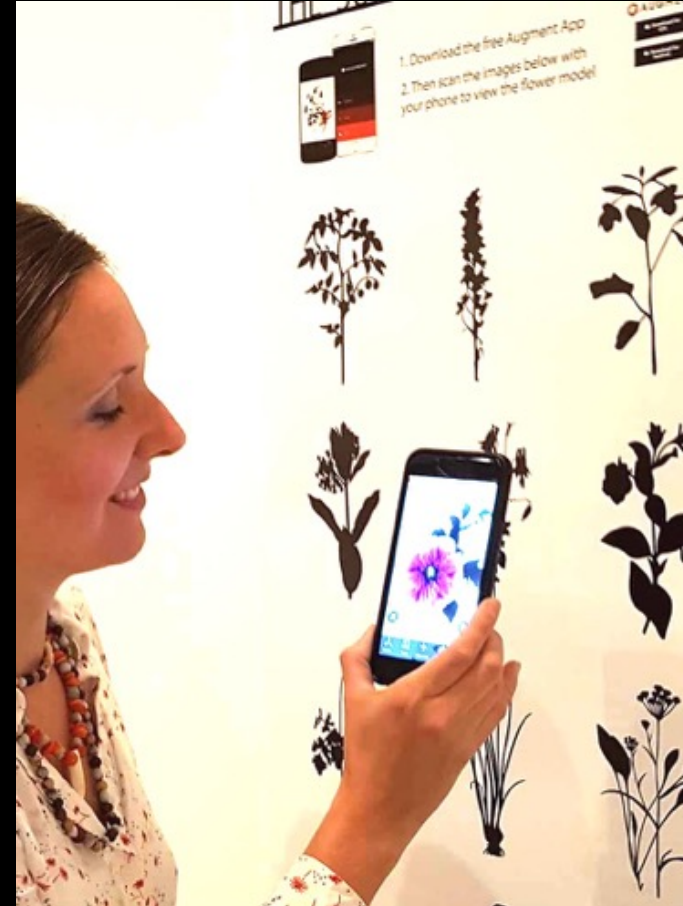

## Chernobyl Barn Swallows

Chernobyl barn swallows were among the first organisms to be studied in detail for the effects of radiation exposure on mutation rates. For more information see: <http://cricket.biol.sc.edu/chernobyl/>
